## WORK EXPERIENCE / RELEVANT EXPERIENCE

---

**BitHacks 2023 - NUS StartIT**

Feb 2023 – Feb 2023

- Delivered compelling pitch presentation, 3D-modelled and digital prototype within tight deadlines, developing expertise in entrepreneurship and applying knowledge and skills to practical, real-world scenarios

**Tutor (Science, Mathematics)**

March 2022 – December 2022

- Delivered patient and engaging academic guidance in mathematics and science to five primary and secondary school children, while balancing my own academic demands
- Tailored teaching sessions to the needs of each individual student, creating gamified lessons and offering incentives to enhance student motivation and morale
- Achieved significant grade improvements for multiple students, empowering them to reach their full potential and demonstrating strong mentoring and teaching abilities

## PROJECT EXPERIENCE

---

**Personal Website - HTML, CSS, Javascript**

December 2022

<https://geoklings-portfolio.netlify.app/>

- Designed a simple website with HTML, CSS and Javascript, incorporating email API in contact form.

## SERVICE

---

**DigiLABS Volunteer - Singapore International Foundation**

Mar 2023

- Facilitated discussions on Artificial Intelligence, utilizing no-code AI tools to help participants gain a practical understanding of the subject and its potential applications

**Volunteer under Academics Department - SGExams**

February 2021 - February 2023

- Along with my team, I spearheaded the Student Mentorship Programme
- This initiative connected over 500 secondary and tertiary school students across Singapore, providing them with valuable guidance and support.

**Techbridge Volunteer - YouthCorps (TechBridge Coding Enrichment Programme)**

February 2022

- Utilized interactive teaching methods to make learning coding accessible and fun for students
- Demonstrated strong communication and teaching skills, empowering students to develop their coding abilities and achieve success in the programme
